### A CHECKLIST FOR NEW TEACHERS

Many times new teachers don't know teaching well enough to ask the right questions about their responsibilities. Every teacher should be able to answer the following question concerning North Scott Jr.-Sr. High School.

1. Is there a school handbook with information for new teachers?
2. Who is my immediate supervisor?
3. What am I to do in case of a fire drill?
4. What exits may be used for my room in regular and rapid dismissal?
5. What do the different bell signals mean?
6. What procedures are used for pupils to enter the building, to assemble, and to leave the building?
7. What preparation must I make to handle emergency drills?
8. What are the regulations concerning visitors to the classrooms?
9. What provisions do I make to cover my class if I must leave the room?
10. What are the regulations concerning students leaving the room or the building?
11. How do I record and report students attendance?
12. What procedures do I follow when I am absent?
13. What procedures are used for permitting students to be released?
14. What provision is made for students who have lunch in school?
15. How do I secure the services of the nurse, clerk and custodian?
16. What are my responsibilities during the hall and lunchroom duty assignments and extra duty assignments?
17. What am I expected to do about a plan book?
18. What is the procedure for obtaining textbooks, general and art supplies, audio-visual aids, physical education equipment and duplicating and typing services?
19. Are there rooms set aside for special activities; library, science, crafts, audio-visual aids?
20. What are my responsibilities concerning room decoration and may I visit other classes?
21. Who are the people in charge of trips, audio-visual aids, library?
22. What are my responsibilities regarding a student who has played truant?

Will be revised for 69-70

Yearbook.....	264

1. New teachers will be given credit for experience outside of the North Scott Community School District, according to the following:
  - a. Full credit for six (6) years of experience gained within the last ten (10) years prior to coming to North Scott.
  - b. Teaching experience shall be based on a 36 week school year. One year's experience shall be credited for not less than  $\frac{2}{3}$  of a year of teaching (24 weeks).
2. The above salary schedule shall be based on a 36 week school year for students and 38 weeks for teachers. The extra two weeks is to be set aside for workshop, staff meetings, and other duties that may be desired by the administration.
3. Health and accident insurance coverage under the Blue Cross-Blue Shield program shall be offered to and provided for each teacher in the form of a family plan or a single plan, acceptance and selection to be at the option of the teacher.
4. A desirable teaching load in the Junior-Senior High School shall be in accordance with the North Central Association requirements.
5. Sick leave will be granted at the rate of fifteen (15) days per year, and cumulative, with no maximum restrictions. The School Board reserves the right to require proof of illness in any case they so desire.
6. Employees of the school district shall retire at the end of the school year in which they reach their 65th birthday. Any employment beyond age 65 shall be at the option of the Board of Education. All employees will be terminated at age 65 for that reason, and must re-apply for employment, furnishing physical and mental competence, as well as a review of their past record of employment. Proof of physical and mental competence shall be in the form of a report on the results of an examination given by a licensed physician of the teacher's choice. (employee's choice). This procedure shall be followed for each year that said individual is considered for employment beyond the 65th birthday.

Employees, regardless of age, shall be subject to compulsory retirement, if, in the opinion of the administration and board, such person might not be able to fulfill his or her position because of physical disability and/or other disqualifying factor, provided the results of an examination given by a licensed physician confirm such an opinion.

7. The annual increment shall be contingent upon satisfactory service and growth on the part of the teacher. The School Board may withhold the increment if the teacher's work is deemed unsatisfactory. This clause is to be invoked only in cases of unsatisfactory service, and not for the purpose of limiting salaries below those called for in the salary schedule.

8. All teachers shall attend some accredited college for at least six semester-hours, or other approved study, every five years. In meeting the above requirement, the hours of work or study shall be approved by the administration. Failure to meet the above requirement will result in board action which shall mean dismissal or retention at the present salary level.
9. This schedule shall go into effect at the opening of the 1968-1969 school year. The educational status of a teacher for schedule purposes shall be determined on September 1st for the contract year following that date. The administration shall review additional credits presented for the purpose of pay increases. Notice of intent to change from one pay group to another shall be given prior to June 1st of each year. Credits for this change shall be presented prior to the first day of school each fall.
10. The School Board will not release a teacher from contract after July 1st, unless in their judgement the request for release is justifiable.
11. Salary schedule and working conditions: The School Board recognizes the right of an individual teacher or a committee of teachers, to represent the North Scott Education Association in these matters.
12. To care for special events directly concerning the school involving intra-school and inter-school contests, parties, dances, athletic events, graduation, etc., all teachers are expected to contribute equal amounts of time within their respective school building.
13. Credit will be given for military service only if that service interrupts the teaching career of the teacher while teaching in the North Scott Community School District.
14. The School Board reserves the right to pay above the salary schedule in special cases.
15. Advancement on Salary Schedule:
  - a. All hours past B. A. must be graduate hours to count on salary schedule unless approved by administration as being beneficial to the school system.
  - b. Only hours after obtaining B. A. will be accepted on B. A. +15 and B. A. +30 levels.
  - c. Only hours after obtaining M. A. will be accepted on M. A. +15 and M. A. +30 levels.
  - d. Teachers without B. A. must be working toward a B. A. if additional hours are to be accepted on schedule.
  - e. In addition to above, if a teacher is to advance on the salary scale he must present six hours of work every five years in his major teaching area.
  - f. Graduate hours to and including M. A. degree may be in the field of education or in the teacher's undergraduate major or minor.
  - g. Hours past the M. A. must be in major teaching area. Exceptions will be those hours specifically requested by the administration as being of value to the school system.

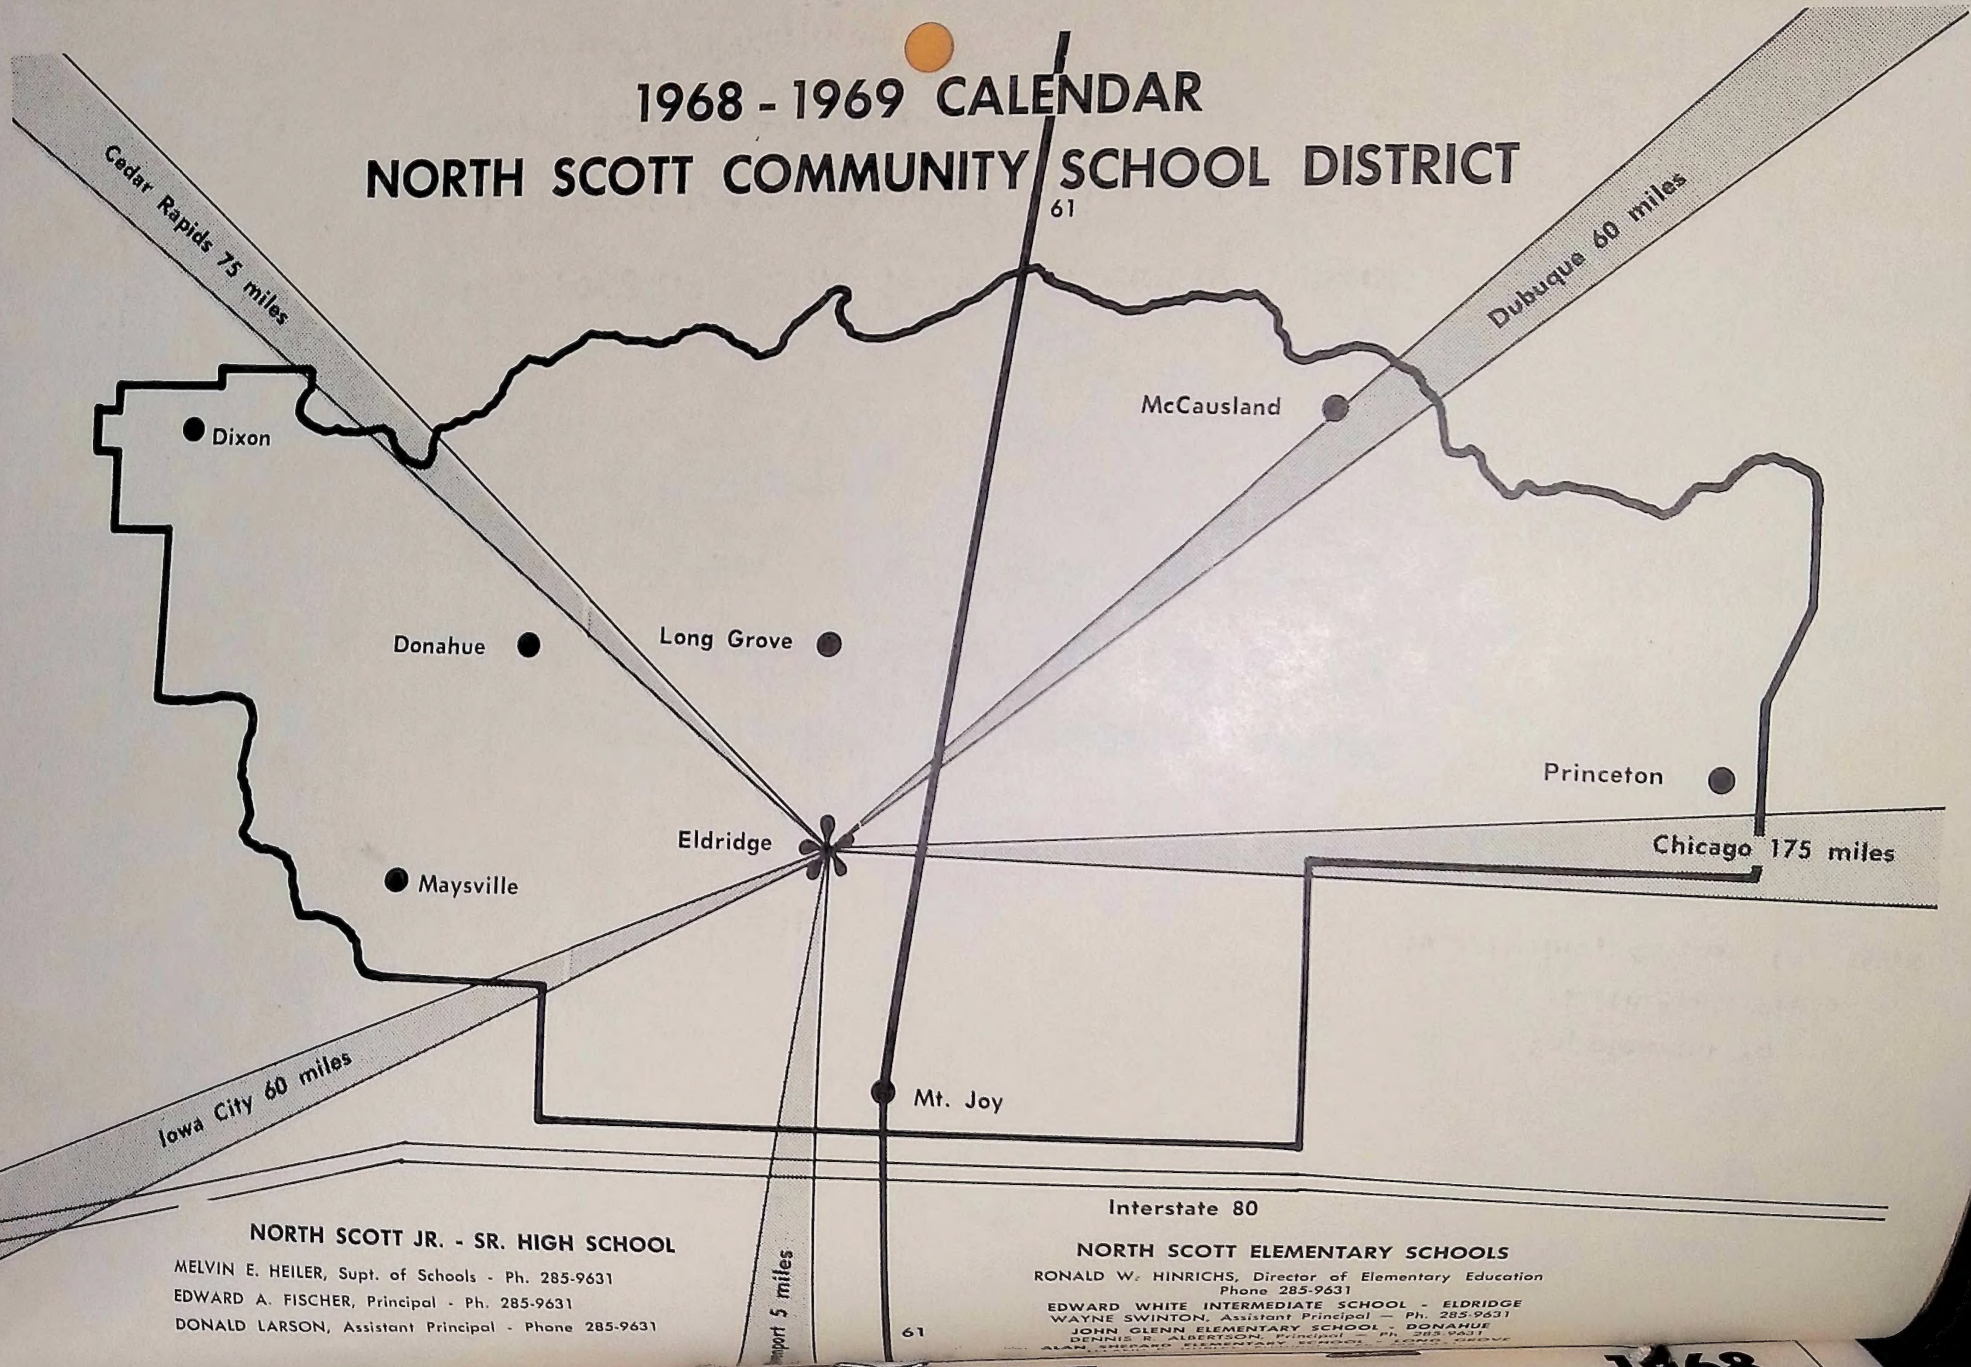

Supplement to  
The North Scott Press  
Wednesday, August 14, 1968

The 1968-69 North Scott Community School  
calendar is being distributed with this week's  
North Scott Press as a community service of  
your new NEWSpaper.

## TOTALS

H. S. Courses Offered 85

H. S. Units of Credit Offered 66

H. S. Units Required:

Language Arts	3 Units
Social Studies	2 Units
Physical Education	1 Unit
Driver Education	$\frac{1}{2}$ Unit
Group Guidance	$\frac{1}{2}$ Unit
Mathematics	1 Unit
Science	1 Unit

Total (required)  $8\frac{1}{2}$  Units

Electives  $8\frac{1}{2}$  Units

Total for Graduation 17 Units

### SPACE PROGRAM

Good citizenship among the seniors at North Scott Community Schools does not go unrewarded. Citizenship goes hand in hand with freedom and the ability to utilize freedom is a projection of attributes including: good character, positive attitudes, mutual respect, industry, neatness, courtesy, responsible individuality, and drive as measured by students working up to their capacities.

Our S.P.A.C.E. (Student Program in Achievement and Citizenship in Education) program allows those students who possess and display the attributes named above the freedom of supervising themselves during free periods. They may go to any of the authorized rooms which are available (gym, cafeteria, library or lobby) when not required to be in class. Crowded conditions limit the number of places to 7 - 10 at any one time.

Of the 30 seniors at North Scott 39% are now involved and carry a special card signed by the student and faculty chairman of this project. This program will be opened to more students as space permits and more are applying each day. Some of the aspects incorporated into the Space Program were gleaned from a Self-Supervision Program authored by Dr. Robert E. Dunn, William H. Hall High School, West Hartford, Connecticut.

The clincher in this program appears to be the working to capacity phrase. Students of any ability may petition four of their recent teachers, their principal and vice-principal, their parents, and two community citizens for acceptance in the Space program. Failure to receive one signature results in a meeting of the faculty to judge the reason for disqualifying the student. Failure to receive two signatures results in the automatic disqualification of the student. The petition is a contract and, with legitimate reasons, can be voided by a student committee composed of Space students or a faculty committee. A student can re-apply any number of times.

### North Scott Forum

Each quarter of the school year the class presidents and their selections of members from their respective classes will attend 3 or more Forums. These Forums will begin at 8:30 A.M. and continue until the business is exhausted.

The moderator will be the Senior-class president, who, with the other three presidents, will be permanent members of the Forum. The other members of the Forum will be selected by each class president from the whole class, representing all factions, interests, and abilities, in the following numbers:

Seniors	3
Juniors	3
Sophomores	2
Freshmen	2
Faculty	2
Administrator	1

The ground rules that will apply are as follows: (1) Any speaker must be recognized by the chairman and rise to speak, and (2) No derogatory remarks are to be made concerning any individual or any specific group.

Committees may be appointed by the president to research vital areas of concern or to report to the Student Council any information or findings that it deems important. These committees are then responsible to the Forum or, at its direction, the Student Council as fact-finding groups. The Forum is not a legislative body as is the Student Council.

### A JUNIOR HIGH ACTIVITY ROOM

How about making an activity room available to junior high students on the following basis: The materials (games, etc.) would be purchased by either the Student Council or the Junior High Guidance Fund. They would be stored on a cart that could make an activity room out of whatever room was available. Students would be eligible to use the activity room during study hall periods if they could present the following pass signed by their four academic teachers.

#### ACTIVITY ROOM PASS

I hereby certify that \_\_\_\_\_  
has completed all of his daily work assignments for  
the week of \_\_\_\_\_ to \_\_\_\_\_

Comm. Skills \_\_\_\_\_

Math \_\_\_\_\_

Science \_\_\_\_\_

Soc. Studies \_\_\_\_\_

If a student could get all of his teachers to sign this  
pass on Friday, it would be his key to the activity room for  
the following week.
